

FROM WALT DISNEY'S 'BEAUTY AND THE BEAST'

Beauty And The Beast

Lyrics by Howard Ashman. Music by Alan Menken

Blending traditional animation with computer-generated imagery, this is the only full-length animated feature film ever nominated for an Academy Award for Best Picture and the first film to receive three Academy Award nominations for Best Song, from which this one, sung by Celine Dion and Peabo Bryson, became the Oscar winner.

Hints & Tips: Make sure the quavers (eighth notes) are rhythmical throughout. Think carefully about the note your right-hand thumb needs to be on—it's not the same all the way through.
